# THE NICKEL ALLOY SPECIALIST

High Integrity Alloys for  
Critical Piping Applications

is a Free Zone Established company based in Dubai, United Arab Emirates acting as stock holder, supplier and trading house serving Oil, Gas, Petrochemical, Power Generation, Engineering and Marine Industry within Middle East, Africa and Caspian Region.

**ABYDOS**  
ABYDOS TRADING DMCC

# WHY ABYDOS TRADING?

---

We have extensive product knowledge and in country experience in Middle East, North Africa and Caspian Region. Our expertise is without comparison in the Oil & Gas energy sectors in providing high quality industrial products to the Oil & Gas sector. We specialize in providing basic “rope, soap and dope” of the industry. If it is a part of your rig package, ABYDOS can.

# OUR UNIQUE ADVANTAGE

---

Our business is guided by our vision of total customer satisfaction. We know what you need: quality products and dependable delivery. We understand the entire spectrum of supply chain from the inside out. We believe in excellence, perfection and standing out in every service we offer to our clients. This we achieve by offering unforgettable customer service, that keeps our customers coming back to us.

# OUR QUALITY

---

We provide high quality products at very competitive price in the industry, with fast and reliable service. Our products are fully traceable with valid Material Test Certificate from the manufacturer. At ABYDOS, it is our policy to support our customer's success by consistently delivering products to them on-time with best quality.

# SUPPLY CHAIN MANAGEMENT

---

ABYDOS delivers business opportunities and procurement efficiencies by bringing together suppliers and buyers. Our aim is to develop the relationships in the supply chain to reduce inefficiency, cost and risk.

When you choose ABYDOS to manage your supply chain, you're not just getting a business partner; you're getting an extension of your company. Our dedicated team of experienced associates will work within your business to provide freight management services that blend seamlessly into your daily business processes

# IMPORT / RE-EXPORT

---

ABYDOS as free zone established company offers personalized Import / Export ( Re-Export ) services to its entire client within Middle East and CIS region. This can include B2B contracts or customized import and export services tailored to our client's desire. ABYDOS is open to accept any procurement service for small and medium EPC projects on preferred Cost-Plus basis or fixed rate.

# MACHINING & FABRICATION

---

Our professional technical team are able to offer fully CNC machined parts or fabricated equipment according to clients' drawings and specification. We are working with reputable machining centers here in UAE as well as neighboring countries in order meet our clients requirements for any special requirement. All supplied parts will be manufactured and tested according to clients requirement and valid certificates such as 2.2, 3.1 or 3.2 material test certificate will be provided. ABYDOS aim is to supply best quality parts with shortest delivery time without compromising quantity of products.

# SPECIAL PIPING ACCESSORIES

ABYDOS is pleased to work with some reputed manufacturers who are specialized in the conception and detailed design of special and unlisted piping components.

Here are some examples of products that ABYDOS can supply:

- Integral Wye Pieces
- Anchor / Hanger Flanges
- Swivel Ring Flanges
- Quick Closures
- Special Forged Flanges
- Integral Forged Barred Tees / Integral Lateral Tees
- API Flanged Tee, Studded Tee and Integral Spool Pieces
- Misalignment Flanges
- Clamp Connectors
- Compact Flanges

# RAW MATERIAL SUPPLY

In ABYDOS our aim is to provide our customers with a complete assistance in the provision of raw materials, supplying a full range of products from plates to round bars and to billets for forging. We always looking for quality and reliability, chose to cooperate only with the major Western Europe steel stockiest, known and appreciated worldwide.

- Bar / Billet
- Thread Rolling Bar
- Hollow Bar
- Plain / Round
- Hexagonal
- Sheet / Plates

## CARBON STEEL, LOW ALLOY STEEL

AISI 4130, 4140, 4145, 4340, 8630, 4330v, F22, 9CR / 1MO

## STAINLESS, DUPLEX, SUPER DUPLEX

Grades: SS310, SS31050, SS410, SS304, SS304L, SS 316, SS 316L, 904L, 17-4PH, 15-5-PH, 32205 (F60), 32760 (F55), 32750 (F53)

## NICKEL AND SUPER ALLOYS

Alloy 600, 625, 718, 825, 945, X750, C276, 400, K500, Ti. Grade 1, Ti Grade 2
